

Testimonials

Camper Jaz:

"Thank you so much for hosting the camp. It was my second camp at Hampton and each time I gained more knowledge to up my game.

Compared to other camps I've been to, Hampton's is really organized. I love that you all take the time and use our names when talking to us. It feels really personal and makes me feel like you care and that I'm not just a number.

This time I got some much-needed advice on improving my batting. I am taking everything you all taught me and putting in the work so you will see my improvement at the next camp."

Camper Jalynn:

"I wanted to take the opportunity to express I had a wonderful time with your staff and team during the prospect camp last weekend. Even though I was the youngest there, it was a pleasure learning new drills to help improve my skills."
